INTRODUCTION

Austin History Center's Mission Statement:

To procure, preserve, present and provide the historical records that make up Austin's unique story.

The collections of the Austin History Center contain valuable materials about lesbian, gay, bisexual, transgendered and queer/questioning people and LGBTQ issues. The materials in this resource guide are arranged by collection unit of the Austin History Center. Within each collection unit, items are arranged in shelf-list order.

The Austin History Center card catalog supplements the online computer catalog by providing analytical entries to information in periodicals and other materials, in addition to listing collection holdings by author, title, and subject. These entries, although indexing ended in the 1990s, lead to specific articles and other information in sources that would otherwise be time-consuming to find and could be easily overlooked.
